Richardson, Charles Richardson (newly appointed to fill the vacant seat of Rev. John Lee), Michelle Varian, Principal of Operations, Nancy Murray, Assistant Principal/Testing Coordinator

Guests: Patricia Richardson

Work Session held to discuss organizational structure and class scheduling. Discussed at length different structures from other charter schools. Looked at having one school administrator. Several applications have been received already for a principal. Board will consider an administrator from this pool of applications.

Scheduling was discussed. The Board looked at a traditional schedule versus a block schedule. Several things need to be considered. No definite decisions made at this time. We will come back at our next regular meeting prepared to make decisions for the coming school year.
